## Objective

I have 7+ years of experience in graphic design, motion graphics and 3d design. My experience, knowledge, attention to detail, work ethic, and leadership in the US Marine Corps can be applied to help your team, and the company.

## Education:

Bachelors of Fine Arts, Computer Animation,  
International Academy of Design and Technology, Tampa Florida  
Presidents/Dean's List - 3.45 GPA

## Programs:

Expert Knowledge of Adobe Suite CS. Photoshop, Illustrator, InDesign, After Effects, Autodesk Maya, Vray, Wordpress.

## Art Skills:

I have experience in Graphic design for website development, print collateral, applications/phone apps, publication covers, brochures, pamphlets, ads, signs, posters, maps, letterheads, promotions, seminars, marketing, motion graphics, editing, special effect, creation of 3D assets, and Basic working knowledge of HTML, CSS, and Word press.

Creation of 3D assets. Hi and low poly Interior and exterior models, textured and lighted in Maya/3ds Max, and rendered in Vray and Mental Ray.

Video and motion graphics. Compositing/editing video, special effects, motion tracking, and audio syncing.

Creation of new assets, converting found assets, for 3D printing, breaking down model into parts for casting, making watertight for printing. Twenty (20) plus years' experience constructing, detailing, scratch building, and painting plastic models.

## Work Experience:

**Graphic Artist, Public Defenders Law Firm, Tampa, Florida**

**7/2016 -Present**

As the Graphic designer at the public defender's office I create graphics (posters, photos, maps, image alterations, printed and mounted), audio (cut and edit), and video (cut, edit for redactions, motion track for stabilization, create dvd's for evidence purposes) for attorneys for court trials. I also video tape and photograph court trials for promotional/training purposes.

**Graphic Artist, Sunshine Learning Systems, Lutz, Florida**

**7/2008 - 8/2015**

As the Graphic designer at SLS, I helped create numerous mockups, graphics, banners, icons, etc. for website development. Facebook and Email ad campaigns. Interactive applications in Flash and Edge Animate.

Creation of 3d models of interiors and exteriors for website images, interactive applications, game collateral, and videos. Creation of Motion Graphics for video productions, website applications, and editing of client videos.

Made print collateral, ads, banners, publication covers, brochures, pamphlets, signs, posters, graphs, maps, letterheads, promotional material, and advertising in connection with Sunshine Learning Systems, Pranic Healing Tampa and other clients. As well as insuring brand identity across various media types, (print, web, and video)

### **Example work:**

- ◆ Create interactive learning application for Florida Aquarium for squid dissection, using a 3d model squid, live videos, and images of dissection. (3d modeling, video editing, app creation in Edge Animate)
- ◆ Creation of phone apps for Lutz Learning Center, Tampa Kravemaga, Macklin Ministries. (Mockups, graphics, basic programming)
- ◆ Creation of interactive Flash animations/ info video for General Electric.
- ◆ Creation of Interactive 3d panoramic websites for Sunshine Learning Systems, and Phantasy Photo. (Website Mockup, video/image editing, 3d panorama rendering.)
